EMPEROR WILLIAM

MAKES A SPEECH AT TANGIERS

France took Exception to his Remarks and announces that she will continue her previous policy.

Bulletin Special.

London, April 1st.—Emperor William who has been at Tangiers said there that Moroccan sovereignty would not be disturbed. France is much irritated at this and her foreign minister says will continue her pro-secution policy as heretofore Germany notwithstanding.

Emperor William received a stately welcome at Gibraltar where the army and navy presented an imposing spectacle. A German man of war collided with an English battle ship the Prince George. Fortunately little damage resulted. The Emperor's visit in Tangiers was cut short as he appeared to fear a French demonstration or an anarchist plot.

Rush Toward the Great West.

Bulletin Special.

London, March 30.—Over four hundred unemployed at Bradford signified their willingness to emigrate to Canada, and a joint unemployed committee chose fifty, who were examined by the medical officers of the Bradford Board of Guardians which body finds the money for emigrating the unemployed. The Guardians decided that thirty should be the maximum number for emigration at present. The party will leave Glasgow for Canada on Saturday.

The C. P. R. steamer Lake Champlain sailed with 1,100 British and 300 Scandinavian emigrants. All are agriculturists en route to the Territories. Emigrants' accommodation on the new turbine steamer Victorian was exhausted.

Turbine Steamer Overdue.

Bulletin Special.

Halifax, March 31.—Up to midnight there were no signs of the new Allan Line Victorian, the turbine steamer which was due this morning.

Chatham Fire.

Bulletin Special.

Chatham, April 1.—A destructive fire wiped out half a dozen establishments here. The loss is \$65,000.

To Protect the Game.

Bulletin Special.

Winnipeg, April 1.—A strong game protective association has been formed with branches throughout the Province. The Rowing Club defeated the Victorians in the third and deciding game for the city championship by 7 to 5.

PREPARING PLANS

FOR NEW C.N.R. BUILDINGS.

The Canadian Northern will erect new Stations at Winnipeg and Port Arthur.

Bulletin Special.

Winnipeg, April 1st.—Hugh Sutherland Executive officer of the C.N.R. and Warren of New York, architect, arrived yesterday afternoon and are preparing plans for stations, offices and hotels at Winnipeg and Port Arthur.

C. and E. Land Sales.

Bulletin Special.

London, April 1.—The Calgary and Edmonton Railway reports land sales for last year of 92,047 acres for \$414,455. Profits \$40,681 compared with \$30,174 last year.

Will Issue a Manifesto.

Bulletin Special.

Toronto, April 1.—The citizens league framing the manifesto against the school clauses will make the paper public Tuesday.

Distinguished Canadian Gone.

Bulletin Special.

London, April 1.—Gen. Jarvis is dead. He was commandant at Port Garry in 1870 and was born in Canada.

Loss of Bridge Felt.

Bulletin Special.

Saskatoon, April 1.—The town feels the loss of the bridge very much and business suffers accordingly.

Canadians Subscribing.

Bulletin Special.

Montreal, April 1.—The Bank of Montreal announces that the Canadian subscriptions to the Japanese war loan have amounted to \$4,500,000 of the \$12,000,000 allotted.

MARRIED

INKSTER-ANDREWS—At All Saints church, Edmonton, on March 29th, by the Rev. H. A. Gray, Miss Lucy I. Andrews to Mr. Robert J. Inkster, both of Strathcona.

THE PATRIOTISM OF THE WEST

The "Canadian" of New York, publishes the following extract from an address recently delivered by F. Oliver, M.P., to the Canadian club at Ottawa:

"I only wish I could translate into words the possibilities and opportunities of that country and the ideals and aspirations of its people. That, however, is impossible for me as my life has been one of exertion rather than speaking. That is the great fact of the west—work, energy and ambition rather than expression."

"There was, he said, a contrary impression in the east, but this was due, not to the westerners talking so much but to their expressing themselves with such confidence, born of the breadth of opportunity and the presence of immense possibilities around them. The settlers had gone into the west and traveling for weeks had seen nothing but boundless prairies, vast and wonderful. The country was theirs for the taking and it was excusable if they felt a proprietary interest in the country and spoke of its resources and opportunities strongly. "In treating of patriotism in the west, which he wished to make the theme of his address, he prefaced his speech by stating that patriotism was probably the highest of human sentiments, rising above love of family and every affection. While it was not necessarily dependent upon extent and possibility of territory, yet successful patriotism was. It was possible to have a good small country, but never a great small country. So the riches and possibilities of the west increased the patriotism of its inhabitants."

"The old saying that bread was the staff of life was a true one. The country then which best produces wheat has the solidest grounds for prosperity. No country has the extent of territory with a corresponding richness of soil as the Canadian west. From it wheat could be supplied to feed the whole British empire. No other country could produce either the quantity or quality of wheat such as this country could. "Ontario was the heart of the Dominion and would flourish as the west would. That was the only way in which it could achieve the greatness which was the hope of its people and the aspirations of its great men."

"The east should look to the west as Europe formerly looked to India for there lies our India. The present prosperity of Canada was due to the development of the west, which affected the finance, trade and manufacturing over the whole country. Today the markets of the world fluctuated according to the reports from the wheat fields of the Red River Valley, and such a change had to have its proper effect on Eastern Canada."

"There should be now no talk of the 'Woolly West' and the 'effete East,' nor should one part feel that the other prospered at its expense. The success of one part would be reflected in the success of all other portions."

"This was only the beginning of the development of the west. Now there were 750,000 people between the Red River and the Rockies and the soil would support 3,000,000 engaged in wheat raising. What would be the measure of development of Canada then?"

"The backbone of the west today was the emigration from Eastern Canada. These settlers had reproduced Eastern Canada in the West and had gone there when it was easier to go to the Western States of the nation to the south because they wished to remain Canadians. Only those who were governed by patriotism rather than by material considerations had taken the long road to the Canadian prairies years ago, and this was an evidence that Canadian patriotism burned to a degree there beyond in the east."

"The work of the Canadian Club should be to use its best endeavors to direct to the west those of the eastern people who could be spared. It should be filled with sons and daughters of Canadians who would perpetuate our institutions."

"In the west all were Canadians, but were also essentially imperialistic. Each man believed in his town, his locality, but more in his country and the empire. This was founded partly on traditions, ties of blood and greatness of the empire, but more truly because the flag of the empire was the flag of liberty."

"Mr. Oliver then gave a graphic description of the enlisting of forty or fifty men called for service in South Africa. Before it was known to all the citizens of Edmonton that men were wanted, the number required had enlisted and were preparing to leave within forty-eight hours after the notice had been posted."

TIME TO GET BUSY.
House Cleaning Time Will
Soon Be Here.

You will want Paint, Varnish, Furniture Polish, Wall Colors and Brushes.

Ross Bros., Limited, have the best assortment of these Goods to be found in any store west of Winnipeg, and you will be surprised to find how simple it is to apply these goods if properly selected.

ROSS BROS. buy direct from the Manufacturers, and their long experience in the paint business enables them to choose what is best in material, and simplest in application.

There are so many times that a lady wants to do a little touching up in a room or on a piece of furniture, but does not want to go to the trouble, or expense of engaging a painter. Any man, woman, or child can do a good job with our ready mixed paints, and if you need any directions it is no trouble for Ross Bros. to give all the information necessary. New and fresh paints arriving almost daily.

THEY SELL AN IMMENSE QUANTITY in a season and the continual turnover always WARRANTS FRESH GOODS, which is a very ESSENTIAL THING in good READY MIXED PAINTS AND VARNISHES. Many smaller concerns will say their goods are just as good and fresh, but use your own judgment in this, and common sense will show you the difference.

To those who expect to want wire fence this season, Ross Bros. would like to call attention to the "LAMB WOVEN WIRE FENCE"

Many people will think that one wire fence is as good as another, but there are many reasons why some Woven Fences are better than others. The LAMB FENCE has a lock or fastening peculiarly its own. It is made from the best Galvanized Carbon Wire. Provision is made for the contraction and expansion, and it does not sag, or buckle, which is so annoying in a great many fences. The wires are heavy and strong, and are made to withstand the pressure or attacks of the largest animals, and any man can stretch it into place. It is kept in 20, 30 and 40 yard rolls, in heights of 24 inches, 30 inches and 52 inches, sold in Edmonton only by

REGINA COUNCIL

HOLDS AN ANIMATED SESSION

Alderman got his Light Cheaper than the Schedule—\$160,000 Sewer By-Law Passed.

From the Regina Standard.
What was intended to be a short meeting of the city council for the purpose of putting through the final stages of a \$160,000 sewer by-law, developed into one of the warmest scenes ever witnessed in the city chamber. The drama being enacted in the hall above by the Summers Stock Company could not compare with it. There were more sensational things happening down stairs in two minutes than there were in the upper chamber in an hour. The "black flag" showed no comparison whatever to the "red light" which was before the city fathers, for it was a question of lights, and the prices thereof.

After the reading of the by-law, and putting it through the final stages, there was a motion to adjourn, upon which Alderman Simon, on his own quiet and convincing way, raised what is above stated to have been the most thrilling scene enacted here in many long days.

Mr. Simon asked the chair if there was any truth in the report that light was being supplied to the Glasgow House for \$8 per month, when in reality there was nearly \$50 worth being used. If this was a fact he did not think it was fair to the other customers.

Mayor Laird called upon the chairman of the fire, water and light committee to make explanations.

Ald. Cooper, chairman of the fire, water and light committee, said that on taking over the department at present under his supervision, he had found that while the department was under the supervision of the late chairman, such a rate had been in existence. This was discovered through the books. He had immediately ordered a meter placed in the building and thought the rate was advanced to about \$50 a month. He considered that his duty was performed when this was done. Any change that was made later was without his sanction or knowledge.

Ald. Williams said that owing to his absence during the winter, the transactions had taken place between the manager of the Glasgow House, and the manager of the electric light plant. A meter had been placed in the building, and the first month's light bill was something like \$400, according to the reading of the meter. He understood that the meter was taken away to be fixed, and a flat rate agreed upon in the meantime. He was anxious to know where the fault lay, and if it was with the Glasgow House or its proprietors, they would only be too glad to make reparation.

Attention was drawn to the fact that the name of Mackinborough's store did not appear on the list of patrons of the electric light plant, while at the same time they had lights.

Mr. Simon did not think this was a matter to be lightly passed over. Not only was the committee on fire, water and light responsible for such a condition, but the citizens would hold the whole council board responsible. If the city was suffering any loss it was time an investigation was held.

Ald. Balfour agreed with the former speakers, that it was all wrong.

BUILDING PROGRAM

OF THE C.P.R. OUTLINED.

Many Branches will be Built and many Extensions made during the Summer.

Bulletin Special.

Winnipeg, Man., March 31st.—Mr. Whyte when seen by a reporter today with respect to the extension of the Teulon or Winnipeg Beach branch northward towards the Icelandic river stated that he had made arrangements to build 16 miles this year, about one half the distance and the balance next year. Mr. Whyte also stated that he was desirous of building 25 miles east and 25 miles west of Saskatoon to convenience the large settlements that are now in that territory. He also is endeavoring to make arrangements to build from the North western section south of the Quill Lakes. Contracts are also being let for the Wolsley-Ruston line, the completion of the Kirkella line to a mileage of 202, the extension of the Wetaskiwin and Lacombe sections, fifty miles of each and possibly a line from York, P.C. to the boundary. The double tracking work east of Winnipeg has by no means been dropped, it is a live issue at the present moment. He also informed the reporter that there was a great quantity of grade revision work being laid out for the season which must be overtaken, all these things entailing the expenditure of a vast sum of money in the west. Heavy pressure is being brought to bear on Mr. Whyte from other settlements for railway convenience but it would be well might necessary to get men and material necessary to undertake any work over what he has outlined above even if everything else were clear for carrying out the construction.

that this kind of thing should be going on, and thought an investigation should be held.

Ald. McInnes also saw deficiencies in the system of looking after the business of the city. If the city electrician had the say as to who should get lights, and what rate they should pay, it was time for a change. He was informed that in the house of the chairman of finance there were connections for 14 lights while as a matter of fact, on the books he was paying for only four. Where was the explanation of this? Who was to blame that the city was not receiving pay for ten lights? There was a bad system somewhere, and the sooner it was stopped the better.

A motion that the city electrician be asked to appear before the council on Monday next, and that an investigation into the cause of the complaints laid be held, was carried.

Ald. McInnes said he wished to make a few explanations as his name had been brought into the discussion. Alderman McInnes was right when he said there were fourteen lights in his (McInnes's) house. While only four were being paid for. The reason was plain. At the time of his taking over the house there were connections made for fourteen lights, and the late occupant was paying the rates now being paid. Ten of the lights were out of order. Connections were not made, and the lights were not being used. All lights being used were being paid for. Mr. McInnes said he would have something further to say on the subject when the investigation was being held.

THE ALBERTA ROADS

DISCUSSED AT RED DEER.

Representatives of Boards of Trade from Points along the C & E Met in Convention Last Week.

Board of trade from Olds to Ponoka met in convention in the opera house at Red Deer last week to discuss good roads.

The main subject before the convention was that of roads and road making. At the first session on Tuesday afternoon, the subject of "Practical Road Making" was introduced by Thos. Hoskin, who made some valuable suggestions.

In discussing this subject it was pointed out by all the speakers that drainage was the first principle of road making.

The questions as to actually making up of a road by properly crowning it, the necessary width and all other matters of importance which would make the road subsidiary to the first and chief necessity of complete drainage, a great deal of unprofitable work has been done in the country on account of not having it done in the proper place and in the proper way. Many practical suggestions were offered in the course of this discussion by men who had considerable experience in these matters.

The next subject on the program was "Statute Labor vs. Cash Tax." This was to have been presented by J. A. Carswell. On account of illness he was unable to be present, but had forwarded a paper which was read to the meeting by G. A. Love, after which the various aspects of the questions were considered.

The consensus of opinion was almost entirely in favor of a cash tax. While there was a uniform desire not to see any provision which would work a hardship on the settler, yet the cash tax was clearly the correct method in principle, and with a little care on the part of the overseers to utilize the work of those who were in straightened circumstances, no hardship need result to the people.

At the evening session, H. H. Gatz, the father of the good road movement in Alberta gave an able address on the "Alberta Good Roads Association." In the course of his remarks Mr. Gatz showed the great advantage of such a movement by reference to what had been accomplished through concerted action in the east.

He also explained how the subject had been before the general board of trade at Calgary and the steps which had been taken towards fostering the movement.

Altogether it was felt that in our new western provinces no more important and practical question was likely to come before the people than this of how best to develop a strong sentiment in favor of improving the general highways.

A brief address was then given by G. A. Love on "Artistic Treatment of Roads." It was pointed out that beauty of form always affected character, and that it was easier to be a good citizen amid beautiful and tasteful surroundings.

Also that public work might as well be done in a neat and cleanly manner as done slovenly. This matter rests largely with the individual citizen, however, at the early stages of general improvement.

After discussion on the "Statute Labor Ordinance," E. J. Fream of Innisfail, introduced a motion whereby the convention memorialized the general assembly to alter the ordinance in the following particulars: 1st, that the district council be given full power to collect and enforce payment of taxes, as in the case of the school without referring the matter to Regina, which sometimes resulted in complications.

2nd. Asking that there be a readjustment of the basis of assessment with a minimum of \$5 and a maximum of \$10 per quarter section.

3rd. That the council be authorized to charge interest at the rate of 10 per cent on all taxes in arrears after January 1st of each year.

4th. That the salary of the councilors be increased.

A committee consisting of E. J. Fream, Innisfail; J. J. Gaetz, Red Deer and Wm. Fuller, of Ponoka, was appointed to arrange for another convention, probably in the fall.

TENDERS FOR SCHOOL.

Tenders will be received up to 1st May, 1905 for the erection and completion of a twelve room solid brick and stone school building in the city of Regina, in accordance with plans and specifications which may be seen at the office of Pettigall & Van Valkenburg, Regina. All tenders to be sealed and marked "Tenders for School" and addressed to the secretary-treasurer of the Regina Public School District.

LAWN GRASS

When you go to the expense of getting ground ready for a lawn, it is poor policy to be careless about the selection of the seed.

The seed suitable for Ontario and the Eastern Provinces will not do in the North-West as the tender roots are killed during the severe winter.

After years of experimenting, a satisfactory mixture, consisting of seed of entirely native variety, has been found.

USE B. & K. LAWN GRASS

and if the directions are properly followed you will not be disappointed.

Among the successful users of B. & K. LAWN GRASS we can mention:—

J. H. Picard, Alderman, Edmonton. J. A. McDougall, Merchant, Edmonton.

Alex. Taylor, Post Master. A. W. Urquhart, City Electrician.

S. Larue, Merchant. Mayor Davis, Strathcona.

The Strathcona Tennis Club, Strathcona. And many others.

(Signed) CHAS. J. KINNAIRD, Secretary-Treasurer.

dy 75-76.

FORT SASKATCHEWAN NEWS.

[From the Reporter]

W. L. Wilkins, of Strathcona was down to see some of his Fort friends on Tuesday.

A. M. Sutherland is enjoying a visit from his mother, who arrived from Winnipeg last Thursday.

A. P. Turner and J. F. Aitken of the Bank of Nova Scotia, spent Sunday with friends in Edmonton.

Angus McDougall of Edmonton, is paying the Fort a visit and is the guest of his sister, Mrs. G. P. Blois, Government street.

Mrs. S. Looby, of Edmonton, is visiting with her sister here, Mrs. J. W. Shera.

H. Goodridge, of the Deering Implement Co. was in town during the week.

Narcotie Millette, who has been spending the winter months in Montreal, and other eastern cities, returned home last week.

A. T. Cushing of Edmonton was on a business visit to the Fort branch of Cushing Bros. Lumber Co. on Friday.

Fort Saskatchewan is going to be sporty enough this season. The organization of a cricket club is now under way.

James Good returned last week from a few months' sojourn in Ireland. "Jim" still has a warm spot for dear old Erin.

Inspector A. E. Shaw, R.N.W.M. Police, returned on Monday from an official trip down the C. & E. line to Wetaskiwin and other towns.

F. Stafford and John Sellmann were pleasant visitors to this office on Friday last. Mr. Stafford informs us that he finished sowing his wheat on March fifth. How is this for sunny Alberta?

The Rifle Association is getting everything in shape for a good long season. The roll for members has been well circulated by the lieutenants and many are eagerly awaiting the announcement of the practice firing.

The atmosphere is quite smoky these days on account of the many

prairie and bush fires that are raging in this vicinity, the reflections of which gloriously illuminate the sky at night in all directions along the horizon.

The Methodist congregation are thankful for a very acceptable gift of twenty pounds, towards their building fund. The donor is Mr. Wallace Taylor, of Sunderland, England. Mr. Alfred Taylor of Beaver Hills is a son of the above.

H. E. Daniel, one of our enterprising real estate agents on Saturday last purchased the entire plant of the Fort Saskatchewan Brick Co. and purposes moving the machinery and equipment to his farm near the Sturgeonville post office.

The ice at the crossing is in such a treacherous condition that the mails and traffic generally is now going to Edmonton via Clover Bar. Several accidents to hazardous teamsters have been reported from other crossings, so we hope no daring attempts will be made here since it is known that the ice here is rapidly melting.

Miss Winnifred J. L. Paul, who has recently arrived from Winnipeg has taken up her residence on Government street, where she will receive pupils in piano, organ and violin music. Miss Paul is an excellent pianist and thorough musician and will be found a valuable acquisition to Fort Saskatchewan musical circles.

A meeting was held on Friday evening last for the purpose of re-organizing the Baseball club for the season. About sixty were present. The election of officers resulted as follows: (Hon. president, D. A. E. Strickland; president, J. W. Shera, M. L. A.; 1st vice-president, W. A. D. Lees; 2nd vice-president, P. Blois; 3rd vice-president, T. W. Shipley; secretary-treasurer, S. Simons; manager, G. H. McAvoy; executive committee, F. A. Walker, Dr. Donald, W. Armstrong, Mr. Clark and W. A. D. Lees.

The annual meeting of the Fort Saskatchewan Lawn Tennis Club was held in C. H. Russell's parlor on Saturday evening. The president, Rev. Canon d'Easum was in the chair. After the regular routine to wind up last season's business, the election of officers for this year took place, resulting as follows: president, Rev. Canon d'Easum; vice-president, A. F. Turner; secretary-treasurer, W. J. Hobbs; grounds committee, D. N. McLean and J. H. Harvey.

PERTINENT POINTS

in reference to the substantial gains made in every department of its business during 1904 by

INSURANCE ACCOUNT

The volume of new business exceeds that of any former year, being 3,452 Policies for \$5,048,168, all of which, except \$30,000, was written within the Dominion. Total assurance now in force is \$10,476,970.38 under 27,742 policies, the net addition for the year being \$2,889,419. While many of our native Companies are seeking business abroad, some of them in distant parts of the world, it is thought by this Company that good Canadian business is preferable to foreign business, which is secured at excessive cost and with less certainty as to its quality.

INCOME

The total income was \$1,725,908.90, being \$1,373,364.69 for premiums, and \$351,944.21 for interest. The gain over 1903 was \$164,238.87.

DISBURSEMENTS

The payments to Policyholders amounted to \$24,615.34, and consisted of Death Claims, \$230,304.59; Endowments, \$160,053; Purchased Policies, \$32,394.54; Surplus, \$83,183.40, and Annuities, \$8,679.90. The claims by death were exceptionally light, being \$51,404 less than previous year, and only 41 per cent. of the amount expected.

EXPENSE AND TAXES

The expenses and taxes were \$300,807, being 17.4 per cent. of the total income, or about 1 per cent. less than in 1903.

Revillon Brothers, Limited.

THE COST OF POWER

The proposed rates to be charged for electric energy in the city are:
3000 to 5000 K.W., 12c per K.W.
5000 to 8000 K.W., 10c per K.W.
8000 to 14000 K.W., 8c per K.W.
14000 to 17000 K.W., 7c per K.W.
17000 to 20000 K.W., 6c per K.W.
20000 to 25000 K.W., 5c per K.W.
Over 25000, special.

One horse power hour equals about 2.3 K.W. The above rates thus figure out at about these amounts:

2 to 3 horse power, 9c per hour per horse power.
3 to 5 horse power, 42c, 40c per horse power.

5 to 9 H.P., 5 1/3 cents per hour horse power.

9 to 11 H.P., 4 2/3 cents per hour horse power.

11 to 13 H.P., 4c per hour per horse power.

13 to 16 H.P., 3 1/2c per hour per horse power.

The Winnipeg rate is 12 1/2c per hour with the following discounts on monthly accounts:

Up to \$10 a month, 5 per cent.
Over \$10 up to \$20, 10 per cent.
Over \$20 up to \$30, 15 per cent.
Over \$30 up to \$40, 20 per cent.
Over \$40 up to \$50, 25 per cent.
Over \$50 up to \$75, 30 per cent.
Over \$75 up to \$100, 35 per cent.
Over \$100 up to \$150, 40 per cent.
Over \$150 up to \$200, 45 per cent.
Over \$200, 50 per cent.

Lever's Y-Z (Wise Head) Disinfectant Soap
Powder is a boon to any home. It disinfects and cleans at the same time.

Nine Nations

Now Use Ligozone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Ligozone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know someone whom Ligozone has cured.

If you need help, please ask some of these users what Ligozone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Ligozone; then let us buy you a full-size bottle to try.

We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Ligozone destroys the cause of any germ disease.

Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the

most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter. There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Typhoid—Typhoid
Whooping Cough—Whooping Cough
All diseases that begin with fever—all infections—all ailments—all diseases—all the results of impure or poisoned blood. In Ligozone's healthy Ligozone acts as a stimulant, restoring what no drugs can do.

50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

CUT OUT THIS COUPON
For this offer may not appear again. Fill out the blanks and mail it to The Ligozone Company, 200 N. Wabash Ave., Chicago.

LOCAL

—April first.
 —Train on time.
 —Probs-Milder and fair.
 —The city printer made its debut this morning.
 —H. Gordon is erecting a store on Tenth street east.
 —The fourth annual spring stallion show begins in Calgary Tuesday.
 —J. Robertson held a weekly auction sale in the market square yesterday.
 —Good progress is being made on the new building for The Perfect Clothing Co.
 —J. Kepki has purchased through Rolfe & Kenwood, the barber shop formerly owned by W. R. Tacker.
 —Rev. D. G. McQueen preaches morning and evening in the Presbyterian church tomorrow evening.
 —The Alberta Electric Co. have installed a wonderful little whirling electric lift in the hardware window of Devlin Brothers.
 —The "Strathcona" Plaindealer prints an article reviewing the history of the Strathcona hockey team for the past ten years.
 —The front of Mercer's liquor store in the McLeod block has been remodelled and large plate glass windows installed.
 —The Junior ladies' Bible class of the Presbyterian church and friends were entertained at the home of Mr. and Mrs. M. Hall, May street last evening.
 —The regular services at the Baptist church will be conducted by Pastor McDonald. "Voices of Spring" will be the subject of the address in the evening.
 —Navigation at Port William is expected to open on April 15. The ice moved in from ten to six miles this week. Wind and rain are creating havoc.
 —Wesley Speers, the chief colonization agent, announces that a new colony of fallow deer will be established north of Prince Albert. Twenty thousand head of deer are available in Bartleford district.
 —During the fire at the Windsor hotel, Strathcona, on Thursday, the little son of the proprietor Mr. Piper, was struck on the head by a plank falling from the second story. The little fellow was seriously injured.
 —The ice still remains in the river opposite the city and though open spaces appear above the bridge and below Fraser's mill nothing like a general movement has taken place yet. From the bridge to the bend near the electric station the water is comparatively free from ice but from the bridge to the bend below the city it remains in a solid body.
 —Toronto, Ont., March 28th.—Seven hundred men, women and children left the United States this afternoon. This makes the third home-seekers excursion for the Northwest this season. About 500 more persons have gone than at the same date last year. The part occupied five special trains and were directly under the charge of the C.P.R. passenger agent, William Dockrill. It is estimated that so far this season 4,000 people have gone west.

—Calgary will run a counter attraction to Edmonton's big fair on Dominion Day. The Albertan says: The city has decided to co-operate with the C. P. R. to make Dominion Day, which this year will also be provincial day, Alberta day, a well celebrated holiday. Last night a committee was appointed to co-operate with the C. P. R. and there will be a very excellent celebration and demonstration.

—Staff-Sergeant Hooper, of the R.N. W.M.P., at Simsbury, has retired on a pension after 22 years' service. He joined the force in 1883, and since then served all over the Territories, for the past sixteen years as Sergeant-Major and Staff-Sergeant. He served in South Africa as Squadron Sergeant-Major in Strathcona's Horse, and later in the 5th Regt. C.M.R. under Lieut.-Col. Macdonell. D. S. O. as Lieutenant, was provost marshal for returning Canadian troops on board S.S. "Centaur."

—Strathcona Plaindealer.—The rapid increase in the school attendance, together with the very unsatisfactory condition of the Niblock St. school building, has decided the public school board of Strathcona to build this year a new school building on block 28 the property purchased in the west end last fall. Plans are now being prepared and the work will be begun as early as possible. It is proposed to put up a building about the size of the Grand St. school having six classrooms. The estimated cost is \$24,000.

—Mr. H. McRae, who captained the Strathcona hockey team during the season just ended, left on Wednesday for his home town of Inverness where he will spend the summer. On Tuesday evening a complimentary banquet was given by the hockey club at the Dominion hotel, Strathcona, in honor of Mr. McRae. Rev. Mr. George, president of the club, occupied the chair. Before the company separated Mr. McRae was presented with a very handsome arm chair which will be shipped to Inverness and will help to make life more comfortable while "holding down his claim" to 160 acres of Alberta's best. On the same occasion Mr. Tyne Richards, who has been the business manager of the club during the past season was presented with a beautiful carving set, a tribute to the skill and energy he manifested in looking after the affairs of the club, steering it successfully through some trying situations and financial conditions none the best. Mr. McRae was pressed to promise to return to Strathcona next fall for the hockey season and gave his word that if he should play hockey next winter it would be with Strathcona.
